

RECENT REFLECTIONS.

Prof. DeMotte, formerly of the Enterprise, is teaching the advanced room of the Detroit schools in the place of C. H. Lowrie decamped.

The Hope Herald refers to "Editor Mead of the Chronicle." We wonder if the I. O. D. O. H. won't want to bounce Burroughs for telling the truth once.

The new station on the Rock Island five miles east of Enterprise gives much satisfaction to the people in that vicinity. The postoffice is called Pearl.

Pearl Johnst, a little daughter of Chris. Johnst, fell through the ice on Mud creek near the Third street bridge and narrowly escaped drowning. She was rescued and is all right again.

A number of Abilene's singers are making arrangements for rendering the cantata of Esther in the Boney-brake some time during the coming month. A decided treat may be looked for.

The son of Herman Hassler, postmaster at Enterprise, had a narrow escape from drowning this week. He broke through the ice while skating on the river and was with difficulty rescued by his companions.

The Sons of Veterans are making an effort to raise a sufficient fund to enable the organization to equip a full band and brass band. We hope the boys will be successful. A good band is one thing that Abilene can find use for.

Geo. R. Herr, the well known farmer of Ridge township, left this week for Pennsylvania with another carload of horses which he will dispose of. Dickinson county stock continues to out-rank anything in the Nation and always finds a ready market.

The board of education at Enterprise have condemned the furnace put in the public school building last fall by a Salina outfit and has had votes placed in the school rooms. The contract should have been given to an Abilene firm and then satisfaction would have resulted.

The school house in the Pyke district east of the city was broken into Wednesday night and eight dollars' worth of books stolen from the teacher, A. C. Dietz. Mr. Dietz is justly indignant. Wretches who will stoop to such acts of meanness deserve the severest of punishment.

A. S. Olney has sold his handsome young Wilkes stallion, "Congressman" to J. H. Mahan. Mr. Mahan is to be congratulated on becoming the owner of such a promising young horse and he could not have made a better selection of a stock horse to put at the head of his breeding establishment.

The Abilene Reflector and News both claim to be the "official" county paper. Only one can be according to law, and in case of litigation as to the publishing of some county notice the commissioners would have to designate which paper was the "official" one.

It is done been settled. The records of the board of county commissioners show that the REFLECTOR is designated as the official paper and its publishers are the ones that certify to publications of legal notices.

A Brief Life.

The infant child of Mr. and Mrs. W. T. Davidson died Friday after a brief existence of only a week upon this earth. The sorrowful parents may find consolation in the thought that the soul of their babe is safe from the temptations and sins of the world.

Steril's Drawing.

The much advertised giving away of \$100 by Steril took place Friday eve. The drawing was conducted by Pearl Ross and Harry Taylor.

The following numbers drew the gold: No. 18, held by J. N. Shane, \$50; No. 418, Dr. Waterman, \$30; No. 519, H. C. Shelton, \$20. This distribution of gold has made Mr. Steril many friends and his customers have only one fault to find—that there were not enough prizes to go all around.

[From Thursday's Daily.]

Wedding Bells.

News was received here today of the marriage of W. H. Childs, of this city, and Miss Annie Todd, of Brimhurst, Ind., at the home of the bride this week. The happy couple are visiting friends in Crawfordsville, Ind., and will soon be in Abilene to receive congratulations from Mr. Childs' wide circle of well-wishers here who will welcome him and his bride home.

Mr. and Mrs. W. H. Childs are home from their Eastern bridal tour. Their many friends will be glad to greet them.

Hazlett's Buggy Drawing.

Friday morn. took place the drawing for the fine top buggy which was given away by H. H. Hazlett & Co. to their customers. Many thousand tickets were out and a large number of interested patrons of the store were present to watch the deciding of the prize. Will Asher and Pearl Ross were chosen to preside over the boxes and when they drew the fortunate bit of pasteboard the corresponding number was found to be 7,575. The ticket bearing this number was held by P. W. Atlee, of the Arcade. Messrs. Hazlett & Co. have made a big hit by this feature of their business and this second annual drawing has added a small fortune to their already immense trade.

THE CITY COUNCIL.

An Interesting Session Held Last Evening—Full Proceedings.

The city council met in regular session Friday eve. in the city hall. In view of the discussion that has been had over the city's finances, an unusual interest was manifested in the meeting and several citizens were present, including the REFLECTOR representative.

All the members of the council were present except Councilman White. A large portion of the evening was taken up with routine business, such as hearing reports from committees, etc., which would be of no interest to our readers.

A lengthy ordinance entitled, "An Ordinance Relating to Licensing Certain Businesses and Occupations and Providing for the Regulating of the Same," was adopted. The ordinance will appear in full in a subsequent issue of this paper.

J. B. Warfield was re-appointed city assessor. Mr. Warfield has served the city with signal satisfaction to our citizens and his re-appointment was an excellent one.

An ordinance relating to granting a franchise to light the city with gas was laid on the table indefinitely. The company interested in the franchise is made up of Messrs. Mead, Raub and others, and the ordinance has been hanging fire for some months. The gas was effectually turned off for the present by the council's action.

Hose Company No. 1, which was temporarily organized Monday night, reported its organization and asked to be accepted as part of the Fire Department. The request was granted and the company received. The officers are: Foreman, J. J. Bradfield; assistant foreman, J. A. Glancey; second assistant, August Lindow; treasurer, Geo. Ulm; secretary, Jas. Reagan.

A resolution was offered in substance as follows: That the city council request our member to the Legislature to present a bill amending the law regarding the compensation of city officials, giving councilmen and mayors salaries. Winfield, Howard and Fisher voted aye; Jacobs, Smalley and Bert no. Mayor Rice having the deciding vote voted no and the resolution was lost. Brillhart had been excused prior to the offering of the resolution.

Frank Hawkes was appointed assistant marshal and appointment confirmed by council.

A resolution was offered by F. A. Smalley by which the treasurer was instructed to pay out no money except by order of council. Action was deferred on this until next regular meeting.

F. A. Smalley introduced the following resolution, "Be it resolved that unless the water and electric light company will furnish the light for lighting the streets as cheaply as the same kind of a light is furnished in any other city in Kansas, on and after the 1st day of April, 1889, the use of its lights be discontinued from that date." An amendment was offered providing for the appointment of a committee of three to make terms with the company prior to that date. The resolution as amended passed.

There was a sharp discussion over regulating the water works company in regard to the quantity and quality of water received by the city. But as the coupons of the waterworks bonds are paid up to the first of July nothing can be done until that time and the matter was dropped for the present.

The statement of the city's finances will be published in the official city paper, the REFLECTOR, the first of the week.

W. W. Day, of Ridge township, one of the solidest Republicans of Dickinson county, spent a pleasant hour in the REFLECTOR office this afternoon. Mr. Day has no use for the mud-slinging trio that are inflicting their slush upon the people of the county.

Hon. J. S. Hollinger returned from Topeka this morning and spent the day in Abilene, making arrangements for a big public sale which he will have at his farm Feb. 26th. Among the material that will be sold are 150 head of cattle and 30 horses and colts. But that is the way Mr. Hollinger does things—a big sale.

Another Lie Nailed.

SOLOMON, Kas., Jan. 31, 1889. EDITOR REFLECTOR: Dear Sir—I noticed an article in the Abilene Chronicle of January 17th, and the same thing repeated in the same paper of January 24th, that O. L. Moore, at some time during the early campaign of 1888, had advised me not to enter the canvass for the office of probate judge.

I want to say now, in justice to Mr. Moore, that at no time prior to the last election did Mr. Moore, either directly or indirectly, ever talk with me or advise with me upon the subject of my becoming a candidate for probate judge of Dickinson county, Kansas.

HENRY WHITLEY.

Abilene Horses to the Front.

Mr. James Dougrey, Jr., veteran horse trainer, Troy, N. Y., has been in our city for the past week and has selected a very fine load of draft and road horses which he will ship to his home. Dougrey thinks Kansas is able to furnish as good horses as any State in the Union. Abilene, too, gets a compliment from furnishing this carload of fine stock. There is no better section of the State than Dickinson county for the raising of fine horses and the local tow here of a first-class track, unsurpassed in the world, makes us particularly favored.

Children Cry for Pitcher's Castoria.

EDUCATIONAL COLUMN.

EDITED BY J. S. FORD, COUNTY SUPERINTENDENT.

Institute at Manchester next Saturday.

The officers of the N. E. A. are: A. P. Marble, president, Worcester, Mass.; There should be a good attendance at the Manchester institute next Saturday.

The high school board meets today, Monday, in the high school building at Chapman.

The Chapman teachers and pupils seem to be enjoying their work in the new school building.

Pres. Swisher, of the Normal college at Enterprise is working very earnestly for the success of his school.

There is but little doubt that the present Legislature will make several important changes in the school laws.

Mr. D. A. Holmes is teaching a good school at Fairview. Some of his pupils should enter the high school next year. Jas. H. Canfield, secretary, Lawrence, Kas.; E. C. Hewett, treasurer, Narmal, Ill. The next meeting will be held at Nashville, Tenn., July 16th-19th.

Miss Myrta Wick has made a good set of outline maps for use in her school. By the way, Miss Myrta, though young in the profession, is one of our best teachers.

All Kansas teachers wishing to join the procession to the meeting of the National Educational association at Nashville, July 17th to 20th, should send name and address to President G. T. Fairchild, Manhattan, Kansas.

Districts 121 and 122 have been organized with the following officers: District 121, J. E. Jones, director; D. D. Sasser, clerk; Geo. Dakin, treasurer; district 122, Jno. C. Truman, director; Jas. Brethrick, clerk; David M. Truman, treasurer.

The school board of district No. 8 together with the County Superintendent visited their school last Friday and found the same doing good work. Mr. Binder is a good teacher and has a school board who take great interest in doing their part of the work.

The papers of the county speak very highly of the action of the high school board in employing Prof. Cook. They think he is the very best man that could have been gotten for the place. His familiarity with the school work of the county together with his superior scholarship naturally fit him to take charge of the high school.

Teacher, do not conclude that the superintendent will not visit you this year. There are a great many schools in the county and it takes many miles of travel and a great deal of time to get to all of them. Be patient, and in an hour when you think not the superintendent will step into your room. He expects to get to every school in the county.

TEACHERS' INSTITUTE.

Saturday was a beautiful day and a great many teachers attended the institute at Herington. Upon arriving, they were met by committees and escorted to the pleasant homes of the town where they were right royally entertained.

The meeting was called to order at 1 o'clock by W. A. Stacy, president, and after music, Prof. F. D. Carman in a few well-chosen words extended to the teachers a cordial welcome to Herington. Prof. Swisher responded for the teachers. The next name on the program was W. H. Wagner. He said that several different programs had been published and his name was on the last edition only. As he did not know until Friday that his name was on the program, he had not had time to prepare a paper, but would give a short talk on the subject assigned him, "The Value of History."

He thought that history was of great value because it teaches patriotism, prevents repetition of past mistakes, aids in other studies, particularly geography and general reading, develops memory, and teaches the development of our country. Mr. Wagner gave a very excellent talk. He was followed by Mr. Stacy on "A Course of Reading for Teachers." He divided the course into two parts, professional and non-professional. Under the professional he would class history of education, psychology, pedagogy and methods. He gave names of authors who should be read on each. In the non-professional course he would class history, ancient and modern, science and literature. Literature should receive particular attention. The teacher should be familiar with the standard poets, and in fiction he should read Dickens, Hawthorne, Scott, Thackeray. He would also read the essays of Macaulay and Bacon. Mr. Stacy emphasized the fact that the teacher should be a student. The paper was discussed by Mr. Carman, who said that he agreed with the paper, with the exception that it probably covered too much ground.

Miss Mabel Gray entertained the audience with a selection from "As You Like It."

Mr. Bates handled the subject "Mental Punishment." He thought that the teacher needed to use very little of any kind of punishment, but when he must use it he should try mental before physical. The use of the rod only showed the teacher's weakness. Mr. Lyons thought the rod should be used in peculiar cases, and thought that "anything worth doing at all was worth doing right." Several persons took part in this discussion.

In the absence of Mr. Clayton, Dr. Cooke, of Herington, was called for and introduced the topic, "Duties of Par-

ents." He emphasized the fact that parents should visit the school and give teachers and pupils all the encouragement and assistance in their power. His talk was short, but to the point.

Mr. Sidney G. Cooke, a member of the Herington school board, next gave a very practical talk on "The Duties of School Boards." He said that school boards should look carefully to the business management of their schools. While they should work with the teacher for the good of the schools, they should not infringe upon the rights of teachers. Methods of instruction should be left to the teachers.

Miss Fannie Hunter read a paper on the "Duties of Teachers," which we hope to publish in the near future. No evening session was held.

Home Again.

J. J. Eisenhower, of Willowdale township, came in Monday noon from Denver, where he has been for some time. In the evening about thirty of his neighbors gathered at his residence to welcome him home again. A delightful time was had.

Mr. Eisenhower was unfortunate in losing his barn and horses last week by fire. There was on the property about \$2,000 insurance in the Burlington company, of Iowa, and Capital, of Topeka, but the companies object to paying the claim on account of some irregularities.

Mr. Eisenhower will remain at home about two weeks, when he will return to Denver, where he is engaged in manufacturing brick and contracting.

There are quite a number of Dickinson county people in Denver who are enjoying themselves and succeeding well in accumulating worldly wealth.

Brought Back.

Sheriff Naill returned this morning from Gallatin, Mo., where he went after Andy Jacobs, a Dickinson county criminal. Jacobs was arrested last winter with the Johnson gang of North-east Dickinson and gave bond for appearance at the district court. He, however, failed to appear and the Sheriff has since been looking for him. He has been heard of in Nebraska, Indiana and other places, and was finally run to earth in Missouri. Naill, upon getting information of his whereabouts, made a flying trip after him and was successful in capturing the rascal. Jacobs will have his trial with the other members of the gang who are confined in jail. The jail's present population is sixteen.

CONSUMPTION CURED.

An old physician, retired from active practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, Bronchitis, Asthma and all Throat and Lung affections, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. The recipe sent free, to all who may desire it with full directions for preparing and successfully using. Address, with stamps, naming this paper, M. E. CASS, 210 Grand St., Jersey City, N. J.

Found by Accident.

BALTIMORE, Md., January 28th, 1887. I have been a sufferer for six years with Catarrh, Ulcerated Sore Throat and Rheumatism of the Chest, from blood poison. About four weeks ago I was passing the Botanic Blood Balm store, No. 8 North street, Baltimore. I went in and consulted your agent about my case. He gave me one of your B. B. "Rock of Wonders," which I read. I called in a few days afterward and got a bottle of your Botanic Blood Balm. B. B. I am now on the third bottle and will say that I have felt a marked improvement since the third day after commencing to use your medicine. I now have no trouble with my throat, and have been to the petition filed in said action, on or before the 14th day of March, A. D. 1889, or said petition will be taken as true and judgment rendered in said action against the said Laura J. Jenkins and Joseph E. Jenkins for the sum of \$100.00 with interest thereon at the rate of twelve per cent. per annum from the 1st day of October, A. D. 1888, together with costs of suit, and a decree entered foreclosing a mortgage given to secure said sum and interest, on the following lands, to-wit: The north half of the southwest quarter (n. s. w. 1/4) of section thirty-two (32), township fifteen (15), range one (1) east of the sixth principal meridian, in Dickinson county, State of Kansas, and ordering said premises sold to satisfy said sum, interest and costs, and further ordering and decreeing that you the said Laura J. Jenkins and Joseph E. Jenkins, be forever barred, enjoined and restrained from ever setting up or claiming any right, title or interest in and to said lands, adverse to the rights and claims of said plaintiff.

Cholera Morbus is one of the most hateful and dangerous diseases, many deaths resulting from it each year, usually because it is not properly treated. The most severe cases may be cured by using Chamberlain's Colic Cholera and Diarrhoea Remedy. It never fails. Sold by Barnes & Northcraft.

Children Cry for Pitcher's Castoria.

GREAT CLEARING SALE

-- O F --
